

Research at Medanta

An Introduction

*There can be no progress in Medicine
.....without Medical Institutions promoting Research*

Types of Research

Sponsored vs Internal Research

SPONSORED STUDIES

Pharmaceutical Products

Medical Devices

Diagnostics

Infotech Products

INTRAMURAL RESEARCH

Unfunded Studies

Funded Research

Academic Projects

Collaborative Projects

Numerical Summary

	Sponsored	Intramural	Academic
Number of Research Projects Approved by Ethics Committee YTD	15	34	60

	Start-Up	Ongoing	Closed
Number of Sponsored Trials YTD	14	54	44

	FY 2023-24	YTD Oct 2024-25*	Projected FY 2024-25	Growth %
Revenues	₹ 1.42,36,941	1,84,05,947	3,15,53,052	122%

Note to the Board of Directors

Rationalisation of MIER Structure

Background and Proposal: The Board Members are apprised that the current research operations of the Medanta Group consist of both government and non-government funded studies. It may be noted that in order to avail government funded research programme/studies mandatory registration of Scientific and Industrial Research Organization (SIRO) from Department of Scientific and Industrial Research (DSIR) is required. Towards that end Medanta Institute of Education and Research (MIER) was incorporated on April 29, 2011 as a trust for the purpose of undertaking clinical research and educational activities and currently holds SIRO registration from DSIR. The present Trustees of MIER are Dr. Naresh Trehan and Mr. Rahul Khare in their individual capacity.

In order to bring the MIER in the overall ambit of Global Health Limited (GHL) it is proposed to amend the trust deed of MIER thereby making the ex-officio of GHL i.e. Chairman & Managing Director (CMD), Chief Financial Officer (CFO) and Company Secretary (CS) as its trustees. This will not hamper the existing registrations/exemptions of MIER and MIER will continue to be operated as non-profit organization as per its existing objects. Further, once the Amended Trust Deed is registered, GHL will be able to contend the government funded research also which may improve its ESG ratings thereby creating sustainable wealth for the Shareholders.

Approval: Considering aforesaid, the Board of Directors are requested to review and approve the same.
